

Theoretical Psychology - Contemporary Readings (SAGE Benchmarks in Psychology)

This four-volume collection picks up the story of theoretical psychology in the 1980s, as it becomes a legitimate form of enquiry in its own right, and follows it as it develops through alternative and critical streams into the newfound fields of 21st century psychology, like situated cognition, embodied cognition, and extended mind theory. This collection can serve as the last word on modern theoretical psychology in its own right, or as a companion to the Classics in Theoretical Psychology collection.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
