

## Dogs Love to Play (Animals Love To Play) (Volume 2)

Dogs Love to Play, the second book in the Animals Love To series by J. Bruce Jones. In this fun childrens picture book we get to play along with our favorite dogs and puppies as they do all the things we love so much about them. We see them run, eat, play with their favorite toy, sit on sofas, sleep on the bed. With beautiful pictures and text this book is perfect for beginning reading with your young child or dog lover at heart. The colorful pictures show dogs and puppies playing with toys, running in the surf, chewing on your favorite shoe, and playing with sticks. Dogs love getting a cool drink of water or meeting new friends and running with balls. Frisbees are a favorite play toy with dogs and several get caught in this book. Dogs love to swim and we have a beautiful picture of that along with several beach scenes. Running on the grass, howling at the moon, and playing catch will keep many dogs busy for hours. We love to see puppies sleep in a little basket and hang their heads out a window. Watch out for your bed, dogs just love to sleep there as much as they like hanging out on sofas. Puppies are great at sitting up front in boats, laying in the sun and taking a bath. Pick up a copy today of my new book Dogs Love to Play, Volume 2. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
