Excerpt from Twenty-First Biennial Report of the Iowa State College of Agriculture and Mechanic Arts, Made to the Governor of Iowa: For the Biennial Period July 1, 1903 to June 30, 1905 While this is the second biennial report which I have had the honor to prepare, it is the first covering any portion of my official administration of the affairs of the College. For the first two months of the biennial period included in this report, Acting President E. W. Stanton, was in charge, my own active incumbency in office beginning with the opening of the school year of 1903-4. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
