

Biographical History of Lancaster County: Being a History of Early Settlers and Eminent Men of the County (Classic Reprint)

Excerpt from Biographical History of Lancaster County: Being a History of Early Settlers and Eminent Men of the County A Biographical History of Lancaster county is such a one as has not heretofore been attempted to be executed in our midst. That a very general desire existed amongst the intelligent citizens of our county, that a work of this character should be produced, the undersigned has had, since the undertaking of his enterprise, the most abundant evidence. It was owing to this fact that he received the assistance, from the announcement of his enterprise, of a number of intelligent and leading men, who, busied themselves in the collection of all the information in their power, in order to aid him in the preparation of a history of personages whose lives, acts and doings were worthy of being recorded, for the interest of the present and future generations. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality.

Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
