Don Alexander was born in Neepsend, Sheffield, in 1937 and educated at Hillfoot County School, then Firth Park Grammar. He gained a degree in Spanish at Manchester University then learned Russian in the Army before serving in Berlin at the height of the Cold War. A keen interest in local industry led him to Park Gate Iron & Steel, then the Ickles, then Brinsworth Strip Mills exporting Rotherham Steel. After 20 years in the steel trade he took redundancy and opened a shop on Ecclesall Road in 1983 selling Sheffield made cutlery, tools, pewter and silverware. The business was sold in September 2001 to Paul Iseard who is increasing sales and promoting Sheffield goods on the World Wide Web. Don met his wife Mary, a Leeds girl, at Manchester University. They have three daughters; Susan, Rachel and Lucy.

Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
