

Classical Chinese (Supplement 4): Selections from Philosophical Texts (The Princeton Language Program: Modern Chinese)

Classical Chinese: Selections from Philosophical Texts continues the rigorous standard set forth in the main, three-volume Classical Chinese: A Basic Reader. Organized into four sections, this supplementary volume sets forth the key concepts and writings of Confucius, Mencius, Laozi, and Zhuangzi-providing key insight into their beliefs and literary styles. The beauty of these original texts and the insightful annotations that accompany them will provide students of Chinese with a glimpse into the fountainhead of China's intellectual tradition. The main text and its four supplementary volumes together represent the most comprehensive and authoritative textbook on the language, literature, philosophy, history, and religion of premodern China. Rigorously and extensively field-tested and fine-tuned for years in classroom settings by three members of the Chinese Linguistics Project at Princeton University, it sets a new standard for the field. With Classical Chinese: A Basic Reader and its supplementary volumes, Naiying Yuan, Haitao Tang, and James Geiss provide the definitive new resource for students and instructors of classical Chinese language and culture, one whose impact will be lasting.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
