

Coaching Writing in Content Areas: Write-for-Insight Strategies, Grades 6-12

Coaching Writing in Content Areas: Write-for-Insight Strategies, Grades 6-12, Second Edition, is packed with practical, motivating strategies for making writing a tool for learning, and for integrating it into content area instruction. Designed to help new and veteran teachers work smarter, not harder, the book is written by William Strong, one of America's most respected writing instructors. The clear, personal voice of the book and its illustrative examples drawn from the work of expert teachers made the first edition a thumbs-up favorite with National Writing Project sites across the nation. This new edition expands these features, covers new strategies, and includes new samples of assignments, rubrics, and student writing throughout.

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
