This dictionary provides the best coverage of today's language and usage for learners of Greek in a handy package. With its extensive coverage of Greek language, the Collins Greek Gem remains the indispensable small dictionary for learners of Greek. Newly updated, its 50,000-plus references and 65,000 translations include the latest additions to the language. The second edition is fully up-to-date and offers extra help with translating essential vocabulary, and thousands of phrases. It also includes lots of special entries on Greek life and culture.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
