

Colloquial Basque: A Complete Language Course

Colloquial Basque: The Complete Course for Beginners has been carefully developed by an experienced teacher to provide a step-by-step course to Basque as it is written and spoken today. Combining a clear, practical and accessible style with a methodical and thorough treatment of the language, it equips learners with the essential skills needed to communicate confidently and effectively in Basque in a broad range of situations. No prior knowledge of the language is required. Colloquial Basque is exceptional; each unit presents a wealth of grammatical points that are reinforced with a wide range of exercises for regular practice. A full answer key, a grammar summary, bilingual glossaries and English translations of dialogues can be found at the back as well as useful vocabulary lists throughout. Key features include: A clear, user-friendly format designed to help learners progressively build up their speaking, listening, reading and writing skills. Jargon-free, succinct and clearly structured explanations of grammar. An extensive range of focused and dynamic supportive exercises. Realistic and entertaining dialogues covering a broad variety of narrative situations. Helpful cultural points explaining the customs and features of life in the Basque country. An overview of the sounds of Basque. Balanced, comprehensive and rewarding. Colloquial Basque is an indispensable resource both for independent learners and students taking courses in Basque. Audio material to accompany the course is available to download free in MP3 format from www.routledge.com/cw/colloquials. Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy

stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
