Do you want to be able to listen to, speak, read and write Afrikaans confidently? Do you want the convenience of being able to learn at home or on the move? Whether you are starting from scratch, or are just out of practice, Teach Yourself Complete Afrikaans Touch & Listen will guarantee success! Touch & Listen ebooks are a groundbreaking new approach to language learning that include recordings of pronunciation and conversations within the pages of the books themselves right where you need them. In the past you used to have to juggle separate books and CDs/MP3s to master listening, speaking, reading and writing. Not anymore. Thanks to the latest enhanced ebook technology, you can learn and practise all four language skills plus grammar and vocabulary from a single ebook that you can read and listen to on your tablet device or smartphone. First, touch the on-screen play buttons and listen to native speakers conversing on scores of current topics. Then rewind. Or pause. Whatever you need to do to make sure you've fully understood what you have just listened to. When you are ready, complete the activities with the convenient notes feature. You are in control. It's that simple.

STRUCTURE The course is structured in thematic units based on real-life situations and with an emphasis on communication, so that you effortlessly progress from introducing yourself and dealing with everyday situations, to using the phone and talking about work.

NOT MUCH TIME? Get started with a 1-minute introduction to the key principles of the language.

GRAMMAR Follow easy-to-manage steps to give you a clear understanding of the language.

VOCABULARY Use clearly marked lists to make it easy to find and review the most useful vocabulary.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
