

# Berlitz Polish Concise Dictionary (Berlitz Concise Dictionary) (English and Polish Edition)

Who says dictionaries have to be dull? Berlitz's new Concise Dictionaries are a fun and effective tool for language learners. With approximately 50,000 entries, it is a comprehensive reference work. But that's where the similarity to other bilingual dictionaries ends. An exclusive 48-page bonus section, filled with word games and puzzles, challenges the user to hone vocabulary, spelling, grammar and comprehension skills while engaging in a popular, enjoyable pastime.

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
