

Intermediate Chinese Reading Course 2 (Revised Edition) (Chinese Edition)

This book has been through a large-scale revision, with changes in the following: 1. about one quarter of reading materials have been updated; 2. some good but difficult materials have been changed; 3. some good but too easy materials have been moved to the first half of the book; 4. some ambiguous reading questions and answers have been revised.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
