

Core Chinese Reading: Intermediate

This is a reading material which is designed for people to learn the language through reading. Though you don't need to practice intensive reading, it requires you to understand more detail about the text so you can answer the question after each lesson. This book is good for people who already have 1800 Chinese vocabulary and basic knowledge of grammar. There are 12 units and every 3-unit is followed by an exercise. Each unit and exercise need 4 hours, totally 64 hours which is good for one semester.

Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
