

Creative Writing the Easy Way (Barrons E-Z)

Books in the popular Easy Way series present basic subject matter in clear language. Material is presented in a way that makes these books ideal as self-teaching guides, but Easy Way titles are also preferred by many teachers as supplements to classroom textbooks. General readers seeking out information often turn to Easy Way titles for general background and orientation when starting out in new career-related fields. All Easy Way books contain both short quizzes and longer tests with answers to help readers gauge their learning progress. Subject heads and key phrases are set in a second color for quick and easy reference. This all-new title discusses, analyzes, and offers exercises in prose forms. It describes uses of written verbal imagery and symbolism and instructs on descriptive and dramatic writing, with sample passages to demonstrate good style.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
