

Reexamining Family Stress: New Theory and Research (SAGE Library of Social Research)

This challenging new inquiry liberates the study of family stress from the traditional positivist notions of the ABC-X model, favouring a new systemic paradigm which views stress as a multifaceted phenomenon with multiple causes and coping strategies. Using a series of qualitative and quantitative studies of different families in stress, the authors outline the various patterns of family responses to stress, the elements of the family system most affected by stressful events and the helpfulness or harmfulness of differing family management strategies.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
