

Culturgeschichtliche Novellen (Classic Reprint)

Excerpt from Culturgeschichtliche Novellen It is as in some sort an introduction to such a study of German as I have endeavoured to indicate, so far as this is possible under the limitations of a commentary on a given text, that the present volume has been prepared. The notes are numerous and copious, but I trust they will commend themselves as not of the kind that paralyse the students own mental activity by superseding the necessity for it; but rather as stimulating it by presenting suitable material in a workable form, and furnishing guidance in such a way as to lead to future independence. The material has of course been supplied in the first place by the text itself. This has been to a small extent supplemented, but chiefly elucidated and illustrated, by matter drawn from sources many of them inaccessible to the English reader. A not inconsiderable element may lay some claim to originality, and perhaps this will be the most valuable part of the book to the real student, because treating from the objective standpoint of the foreigner, specially of the Englishman, matters of idiomatic difficulty upon which only scattered hints are to be found in sources English or German. I may refer particularly to the notes on the particles, on the exact force, as felt in the original, of words like erst, zibrzgms, ml Zewls, &c., and of certain familiar but peculiar modes of conception and expression which are too completely ingrained in the consciousness of a native for him easily to make them the objects of analysis or of explanation to others. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
