

## From the Margins to the Center: Contemporary Women and Political Communication (Praeger Series in Political Communication (Hardcover))

From the Margins to the Center fills an important gap in the political communications literature, examining the patterns of women as political communicators in the United States to determine if they have learned the political game as defined by men? or if they have carved out the different kind of politics envisioned by Congresswoman Patricia Schroeder when she considered seeking the 1988 Democratic presidential nomination. Examining the cases of Lani Guinier, Hillary Rodham Clinton, and Janet Reno, the authors explore the rhetorical choices contemporary women are making in political discourse. They frame this exploration theoretically by describing three moral boundaries that discourage women from entering political life: the boundary between morality and politics, the moral point of view boundary, and the boundary between public and private life. Guinier, Clinton, and Reno have each adopted different strategies in confronting these boundaries and in challenging gender stereotypes, and their strategies dramatically illustrate the communication of contemporary political women. Of interest to all in speech communication, political science, and womens studies.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, viraal reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
