

Delta Six, Soldier Surgeon

A compelling 364-day sojourn in the life of young Dr. Rick Snider in the Vietnam War. The captivating journey unfolds in the event-filled year, 1968, and goes from basic training at Fort Sam Houston, to Cu Chi, Tay Ninh, and Saigon, and, finally, the memorable, long-awaited trip back home. Not the usual war story of men killing men, but rather this story is about a young surgeon sent to lead a medical company whose mission was to save lives, not take them. Travel along with Dr. Snider as he brings comfort and caring to places filled with death and suffering. Laugh out loud when the young captain unknowingly shouts at a three-star general. Be surprised when sirloin steaks are condemned only to end up being barbecued for the wounded soldiers to eat. Feel the profound grief of an 18-year-old GI when he prays over the body of his fallen buddy, and cry at the loss of three of the captains medics when enemy rockets abruptly and brutally kill them. Experience the relief R&R brings on Hawaii's sunny shores, only to be washed away by the return to war. Learn how our soldiers carried out the war, honorably and with total concern for others. Dr. Snider brings to the surface the wide spectrum of human emotions experienced by those in war. Delta Six was written so that all can know and honor those lonely soldiers who suffered and died so far from home.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
