

The Foundations of Latin, a Book for Beginners (Classic Reprint)

The great favor with which the first edition of this book was received has prompted me to endeavor to meet the only criticism upon it that has been brought to my attention. This criticism touched the amount of matter offered for translation in the daily lessons. Some teachers found this amount too little, and it is to meet their wishes and needs that the present revised edition is now issued. The number of sentences in the exercises has been increased fully thirty-five percent as compared with that in the first edition. Besides this, frequent review lessons have been added and some twenty simple passages of continuous discourse have been inserted at suitable points. Most of these have been taken, with the permission of Messrs. Longmans, Green Co., from their First Latin Reading Book. It is hoped that they may add an element of interest to the book without detracting from its disciplinary value. CHARLES E. BENNETT. Cornell University, Ithaca, N.Y., December, 1902. In reprinting this volume, I have changed the marking of most vowels before gn. Recent investigation has shown that, except in regnum, regno, and a few other words, the vowel is regularly short before gn. I also now regard the a of maximus, maxime as short, and have so marked it. C. E. B. March, (Typographical errors above are due to OCR software and dont occur in the book.) Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
