

The Thing Itself: On the Search for Authenticity

A deeply personal literary memoir that explores what it means to live an authentic life in an increasingly detached and self-conscious world. Incited by the feeling that the essence of the modern world is buried beneath the distractions of hype and melodrama, cultural critic Richard Todd began a personal search for authenticity, that elusive quality we often seek but seldom find. In *The Thing Itself*, Todd attempts to discover for himself a new way of thinking by asking the simple question: What is true in ourselves and the world around us? With an exquisite eye for detail and an inquisitive spirit, Todd launches into an involving and elegantly crafted investigation of what makes an authentically lived life. As he focuses on an array of exchanges with people, objects, places, and ideas—from the banal to the emotionally poignant—Todd shows us that there's a great distance between what we can touch, feel, and see, and what interactions mean in our lives. Mining a rich and multifaceted store of modern philosophy and personal experiences, he inches closer to seeing himself and the world through a clearer set of eyes. Engaging and readable, *The Thing Itself* offers unexpected insights into the very human search for meaning in our lives.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
