

Digging for the Truth: One Mans Epic Adventure Exploring the Worlds Greatest Archaeological Mysteries

Digging For the Truth: A Real-Life Adventurer Explores the Worlds Greatest Ancient Mysteries Josh Bernstein, host of The History Channels hit series Digging for The Truth, takes readers beyond the cameras for an even closer look at his adventures through some of the most intriguing, remote, and physically challenging locations on the planet as he explores the worlds greatest ancient mysteries. No location is too dangerous, no terrain too rough, no culture too exotic for explorer and survival expert Josh Bernstein. With his unique hands-on approach, he travels the globe, seeking answers to some of the most enigmatic mysteries of the ancient world. Digging for the Truth shares Joshs personal stories, journals, and insights, revealing the risks and dangers of what went on behind the scenes in shooting the show, and the fascinating details about what he uncovers along each adventure. Readers are right in the action as he: Discovers who built Egypts pyramids and learns what secrets may be buried below the Sphinx. Follows the trail of the Lost Ark of the Covenant to the remote monasteries and churches of Ethiopia. Explores the journey of a potential Lost Tribe of Israel and examines DNA evidence that could make or break their claim. Visits the ancient site of Stonehenge, witnesses a Druid ceremony, and learns what purpose the stone circles may have served. Sails a Viking ship on a quest to determine if the Vikings landed in the New World five hundred years before Columbus. Lives with a remote and mostly naked tribe in the Amazon to search for hidden cities and learn the fate of one of the worlds great explorers. Listeners will have access to all the inside details that viewers never see-everything from food poisoning and spider bites to the logistical challenges of shooting in some of the most remote places on earth.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
