

Strange Case of Dr. Jekyll and Mr. Hyde (Longman Fiction)

The titles in Longman Fiction are mainly new editions of the most popular titles in the Longman Simplified English series, including short stories, modern fiction and classics. They are designed to be suitable for students at upper intermediate level, including those preparing for the Cambridge First Certificate examinations. Each book has been re-edited to ensure ease of understanding and naturalness language and keeps within the 2000 word defining vocabulary of the Longman Dictionary of Contemporary English. Any additional vocabulary used is explained in the glossary. All titles feature an introduction to the authors, the characters and themes of the text, giving students not only background information, but also help in literary appreciation. Additionally there is exercise material at the back of each book, including 50 questions on factual detail, conveniently grouped in chapters, with a further 20 more open-ended questions for written work or to stimulate discussion.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
