

## Unchecked Power Guide: The New York State Court System: A Look at the Entrenched Power, Politics, & Over \$2 Billion of NY State Funding - Compromising JUSTICE - for JUST US (Volume 1)

This book is a window into our most precious and essential government run and funded system, our Justice System. Unfortunately, it appears that much of the very same problems plaguing Washington is wrecking havoc on our justice system. There's no meaningful oversight, there are no longer discernible distinctions of an essential three branch government. It appears that our justice system, just as Washington, has become enveloped within the political machine driving this Country to ruination. The politicalization of our healthcare system will soon follow this path. A just and independent court system is crucial to ensure a just society. We, the People, can make the difference.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
