

Elementary Spanish Prose Book (Classic Reprint)

Excerpt from Elementary Spanish Prose Book This Spanish prose book has been prepared with these aims: To give the student a command of practical Spanish. Therefore only the most current locutions and vocabulary are introduced. These are used repeatedly while as the book progresses additional material is gradually and steadily worked in. To provide an elementary acquaintance with the life and customs of Spain and of Spanish America, as well as with the fundamental facts of the history, literature, and art of the Peninsula and of the republics of South America. The last fourteen chapters are devoted exclusively to countries of the New World. The method followed in the preparation of the book is based upon the belief that it is preferable to write a considerable amount of fairly easy Spanish than to attempt to write a small amount of difficult prose. It is hoped that instructors using the book will insist first upon a careful study of the model Spanish text at the beginning of each chapter. This may be treated in class in the many ways that any reading lesson in Spanish may be treated. The Repasos de Gramatica should be worked out preferably after a study of the Spanish text. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
