

She Hands Me the Razor

The razor in the title poem of this gritty, stunning collection can inflict pain or instill trust. It shaves away layers of duplicity and complicity. But readers will be surprised by the flip side of the titles implication, that this collection is permeated by a persistent, soft undercurrent of vulnerability. Richard Krawiec's collection, *She Hands Me the Razor*, pushes up against, and sometimes explodes through, the boundaries of both his and his readers shared truths. This tense and tender collection delves deeply into love, loss, and redemption, which could be the subtitles for each of our lives.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
