

# German Orthography and Phonology, Vol. 1: A Treatise With a Word-List (Classic Reprint)

Excerpt from German Orthography and Phonology, Vol. 1: A Treatise With a Word-List This book aims to be a systematic and practical treatise on subjects pertaining to the writing, printing, & uttering of Modern German. These subjects have received various degrees of attention from scholars. In the case of those that had already been fully treated, for example, Spelling & Phonetics, it was my chief business to select and arrange the most important elements; on the other hand in treating neglected subjects like Accent and the Development of German Letter forms, I felt myself warranted in presenting more or less fully such contributions as I had to make. In this way each subject has received what appears to me to be its proportionate stillness of treatment. While feeling conscious of the searching eye of the scientific critic, not only when bringing my own sheaves, but also when presenting the fruits of the labor of others, I have not allowed this consciousness to divert me from my chief purpose, namely, to make a book that would furnish what the serious learner of German needed and that in such a form that he could easily find it - in a word, a practical book. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
