

The Effective CEO: The Balancing Act that Drives Sustainable Performance

Why are some CEOs successful, while others are not? There are lots of reasons! Across all sectors and industries, CEOs are under tremendous pressure. They're often expected to create more profit with fewer resources and deliver more results in less time while continuing to meet rising shareholder expectations. Yes, the CEO's job is a very complex one. It is the most senior paid position in the organization. It is the position in an organization where the buck stops. This eBook by Dwight Mihalicz is a must read! It will be of value to CEOs, aspiring CEOs and heads of major divisions. This book recognizes that successful CEOs maintain a balancing act across a series of critical functions. If you want to learn how to write a strategy or run a meeting, don't buy this book! But if you want to understand the dynamics that drive sustainable performance, this book will give you some terrific insights. At under 120 pages, this is a quick read that will introduce you to the six key functions that need a CEO's attention, and provides helpful insights into how they impact performance. Dwight Mihalicz has over 40 years of organization experience in a broad variety of organizations and situations. Over this period he has been required to focus on and solve a broad variety of complex problems in local, national, international and global settings. Throughout his career, he has developed extensive expertise in supporting improvement processes with large organizations. Using his experience as a manager, executive, and management consultant, Dwight documents the balancing act that effective CEOs must maintain to maximize organization performance. Writing in every-day language, complex concepts are translated into meaningful action that can be applied immediately.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I

already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
