

Abstract of Land Grant Surveys, Augusta & Rockingham Counties, 1761-1791

Realizing the importance of land conveyance records to any genealogist who may attempt to write biography and knowing that the Rockingham County deed records were partly burned in 1864, thereby effacing many deeds, the authors of this book have made an abstract and index of land surveys of Augusta and Rockingham counties from 1751 to 1791. There is recorded in these abstracts the name of the person for whom the survey was made, the location of the land, and the name of the owner or owners of the adjoining land. These surveys were made for original land patents by Thomas Lewis, surveyor for Augusta County, and later for Rockingham County, from April 23, 1751, to February 22, 1782. The entries from 1782 to 1791 were made by Alexander Herring, surveyor for Rockingham County. The assistants were John Poage, James Trrimble, Wm. Preston, Andrew Lewis, Gawn Hamilton, John Lincoln, and Ralph Lofftus. There are approximately 2,000 individuals cited in the text, and approximately 4,000 listed in multiple references in the index.

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
