

Easy Steps to Chinese vol.5 - Teachers book

This is the teachers book accompanying the textbook and workbook of Easy Steps to Chinese Vol.5, which can be consulted by teachers to prepare lessons. There are answers to most exercises in the textbook and the workbook. It also includes supplementary materials for some exercises, which will provide teachers with more testing materials. The teaching purpose and teaching focus are listed at the beginning of each unit to help teachers focus on the key points when preparing or teaching the lesson and achieve the teaching purpose. To comprehensively test the students mastery of each unit and their ability of communication, the book provides unit tests of reading and writing, which are designed with reference to the test types in many other countries so that the results can be closest to the students actual Chinese proficiency and communicative ability. As for oral testing, teachers may use the Oral Questions in each unit review as reference questions to ask the students and test their speaking skills, or otherwise design some situations for the students to role-play, converse or discuss.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
