

## Frankenstein (Edge: Classics Retold)

Frankenstein is the terrifying story of a scientist who uses his powers to bring a dead body back to life and thus creates a monster. Little can the scientist imagine the consequences of his actions, as he and his creation quickly become drawn into a deadly game of cat and mouse, which only one of them can win...Adapted by Mick Gowar from the original novel by Mary Shelley. A series of adaptations of well-known stories, designed to introduce young readers to the classics. Divided into short chapters and illustrated with modern black and white artwork, each title will offer the reader an accessible and exciting read.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
