

## A French Grammar; Or Plain Instructions for the Learning of French: In a Series of Letters (Classic Reprint)

No Grammar can pretend to teach us every thing in a language; and this may be said of the present work, as of every other. Yet Cobbett's French Grammar, like his English Grammar, while affording the ordinary means of a manual for the Teacher, may be said to give an insight to the language, and, consequently, an encouragement for the student to persevere, which are to be had from no other publication. Those who are without a Teacher, and depending on their own industry unaided, will meet with nothing answering their purpose like this work; and the best evidence of its merits, in explaining the principles and the main difficulties of the French language, is to be seen in the fact, that the Editors of some established books for teaching French are found to adopt Cobbett's mode of clearing up those things which are the most troublesome to comprehend. In revising this, the Eleventh Edition, my chief business has been that of correcting certain inaccuracies, without, however, in any way altering the Author's arrangement of the several matters, or his manner of treating them. Here and there it appeared useful to add a further illustration. But such additions will all be seen separate from the original text, within brackets, thus, unknown, and generally with the word Note prefixed to them. J. P. C. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
