

New German Grammar for Beginners (Classic Reprint)

Excerpt from New German Grammar for Beginners

The New German Grammar combines reading and syntax. Easy stories illustrating the grammar are taken up from the very first day, giving the pupil the satisfaction of reading connected German from the beginning. These stories, which are taken from the authors Vorwaerts, are interesting, carefully graded, and closely connected with the syntax which they illustrate. They treat the most common and some of the quaintest phases of German life, and the descriptions are made more vivid by frequent pictures, collected in Germany by the author. No effort has been spared to make the grammar practical, simple, and thorough. Conversational work - the most practical phase of German study - abounds throughout the reading and is a special feature of every lesson. Material for memorizing is provided at the beginning of each chapter in the form of idioms, proverbs, or short poems. German questions on the reading furnish a further basis for conversation. Practice in writing connected German is given in each review. The book is especially simple, and the learner is given all the legitimate help possible. Accents and puzzling quantities are marked, so that the pupils first conception of a word may be the correct one. Comparisons and contrasts with English usage are constantly made. Each phase of every rule is illustrated by simple examples. Complete tables of inflectional forms and strong verbs are given for reference. Every form in the reading occurs in the vocabulary. Separable verbs are found under both simple verb and prefix. The article is printed with every noun, the auxiliary with every verb, and the principal parts of irregular verbs are given in full. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
