

## St. Lukes Records 1829-early 1900s: Danville, Knox County, Ohio

Gordons is the standard nineteenth-century gazetteer for New Jersey. Mr. Gordon, who traversed virtually the entire state in compiling his book, begins the lengthy prefatory chapter with precise geographical and geological descriptions of the states terrain, climate, bodies of water, roads, canals, railroads, and so forth. The gazetteer itself, which extends an additional 175 pages, covers every nook and cranny in the state, from small streams, hills, and hamlets to townships, cities, and entire counties.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
