

Reward Upper Intermediate: Resource Pack

Designed to take students from their first introduction to English up to a proficient use of the language, this multi-level course offers choice and flexibility. The 70-hour core syllabus in the students book allows swift progression with its essential grammar points, systematic vocabulary and skills development, and regular progress checks. There are two resource packs at each level - a general-English pack and a business-English pack. Each contains photocopiable communicative activities which can be used to supplement the core syllabus in the students book, revise specific language and structures, and provide variety in class. Other materials at each level are a practice book for self-study, a spiral-bound teachers book which is interleaved with the students book, two class cassettes and a practice-book cassette. This is the upper-intermediate-level general-English resource pack.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
