

## Critical Thinking in Language Learning

In *Critical Thinking in Language Learning*, long-time professor of Spanish, Engracia Angrill Schuster, proposes practical changes in our approach to language instruction, mainly giving culture its rightful role as a driving force for communication. The result of extensive research and professional experience, the book offers a systematic approach for curriculum developers and instructors wanting to teach language and culture simultaneously, creating an environment that emphasizes language acquisition through cultural inquiry and exploration. Intended primarily for higher education, many of Schuster's ideas and tactics are nonetheless well-suited to the second language K-12 curricula.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
