

The Tiferet Talk Interviews

Some of the world's most notable writers and spiritual leaders share their thoughts on writing, tolerance, and the world we live in today. Hosted by Melissa Studdard, The Tiferet Talk Interviews includes a special introduction by Donna Baier Stein and interviews with Julia Cameron, Edward Hirsch, Jude Rittenhouse, Marc Allen, Arielle Ford, Robert Pinsky, Dr. Bernie Siegel, Robin Rice, Jeffrey Davis, Floyd Skloot, Anthony Lawlor, and Lois P. Jones. Gain incredible insight into their perspective on ways to tell the truth of our lives, access creativity, and balance magic and craft. Review by Tania Staley for Readers Favorite: The Tiferet Talk Interviews is an inspirational and moving collection of interviews conducted by Melissa Studdard, host of the Tiferet Talk radio program, and edited by Donna Baier Stein, publisher of Tiferet: Literature, Art, & The Creative Spirit. These interviews are a goldmine of information for anyone seeking creative or spiritual rejuvenation. The book consists of conversations with well-established and passionate authors, poets, and spiritual mentors. Interviewees include Julia Cameron, author of *The Artist's Way*, Robin Rice, a contemporary shaman and author, Dr. Bernie Siegel, a leading doctor in experiential health and healing, Robert Pinsky, a former poet laureate, and several more inspiring speakers. The Tiferet Talk Interviews is a must-have for anyone seeking creative reawakening and spiritual healing. As a writer myself, I am amazed by the wealth of information I have received from this book. New mentors and resources abound in this easy-to-read collection. Melissa Studdard is an excellent interviewer that manages to ask the questions that listeners want to know, while still allowing her guests the room to express themselves freely and creatively. At the end of each interview, she always asks her guests for further information about their work,

webpages, blogs, new books, etc., which makes this book a handy guide that I will turn to repeatedly. It will also be a book that I encourage my friends and family to read. This is not just for writers and artists. The speakers all have the common understanding that everyone is creative in some way; everyone is an artist. This book will help open your eyes to this fact, and prepare you to see the world and your life in new and exciting ways.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
