

Everyday English: Getting to Grips With the Basics of the Language

An amusing and accessible guide to the basics of the language, teaching users to write correct and unambiguous English in any situation, business or personal. A poor command of English is a considerable obstacle in almost every walk of life, from conducting business to dealing with everyday problems. This book teaches readers the simple rules and tricks that will help anyone to master the language. Rather than a guide to everything one would ever want to know about the language, it is a basic companion to the nuts and bolts, designed to help native and non-native speakers alike to speak and write with clarity and precision. The book offers advice on many different areas including the writing of letters, reports, and other texts, where it is often vital to convey meaning and purpose simply and clearly. It also includes sections on sentences, parts of speech, punctuation, and common pitfalls to avoid.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
