

## Janes Avionics 2008-2009 (Janes Flight Avionics)

Janes Avionics contains detailed information on airborne electronic equipment for both military and civil aircraft, ensuring you stay up-to-date with the latest technological developments and new production lines. In-depth descriptions of fundamental technologies, including datalink, radar, electro-optic systems and helmet-mounted displays provide an invaluable aid to making critical procurement, training and commercial decisions. Each entry is arranged by country of manufacture and contains information on function, development history, technical description, specifications, operational status and contractor. Color images facilitate quick assimilation and comparison of important design and layout characteristics. Comprehensive equipment and manufacturer indices enable rapid data search and browsing of related entries.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
