

Oh, Jet! (Tiddlers)

When Jet the dog goes for a walk, he always manages to bring back the wrong thing! Will he ever find his toy? The Tiddlers series features fun stories with a word count of fewer than 50 words for children who are just starting to read. A word list at the start of the book allows you to check the child's ability to decode and understand each word before reading, providing a fully supported first reading experience. And a puzzle at the end of the story encourages rereading for pleasure.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
