

Figurative Language Comprehension: Social and Cultural Influences

Figurative language, such as verbal irony, metaphor, hyperbole, idioms, and other forms is an increasingly important subfield within the empirical study of language comprehension and use. Figurative Language Comprehension: Social and Cultural Influences is an edited scholarly book that ties together recent research concerning the social and cultural influences on figurative language cognition. These influences include gender, cultural differences, economic status, and inter-group effects, among others. The effects these influences have on peoples use, comprehension, and even processing of figurative language, comprise the main theme of this volume. No other book offers such a look at the social and cultural influences on a whole family of figurative forms at several levels of cognition. This volume is of great interest to scholars and professionals in the disciplines of social and cognitive psychology, psycholinguistics, and second language acquisition, as well as cognitive and other fields of linguistics where scholars have interests in pragmatics, metaphor, symbol, discourse, and narrative. Some knowledge of the empirical and experimental methods used in language research, as well as some familiarity with theories underlying the use, comprehension, and processing of figurative language would be helpful to readers of this book.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!

Figurative Language Comprehension: Social and Cultural Influences Figurative Language Comprehension has 1 rating and 0 reviews. A scholarly book with a professional reference audience. Book will appeal to people who stu
