

## Doppelganger

Doppelgangers are monsters, hardwired for murder. They are not supposed to have doubts, but this one does. He wishes he could be different. More human, maybe. But even that can't stop him from killing people so he can take their places and live their lives. He has to do it; it's who he is. But when the doppelganger murders a small-town teenager, assumes his shape, and takes over his life, he's shocked by the world he steps into. Engulfed in a whirlwind of peer pressure, messy family dynamics, and a provocative relationship with a beautiful girl, he quickly learns that there's more than one way to be human, and many ways to be a monster. Told in the tortured voice of a most extraordinary teen, this contemporary gothic romance brews a captivating combination of violence, desire, and atonement. Here is the story of a monster yearning for a human life.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
