

## Focus: Interactive Grammar for Students of ESL (Workbook)

Focus builds an overall framework for understanding the organization of the English language and helps students recognize the inseparable relationship between form, meaning, and use. The Workbook is designed primarily to supplement the Students Book, but can be used as a useful source of information and practice on its own. The exercises are intended for individual work outside of class or for use as part of class discussions and activities. Each chapter, which corresponds to a chapter in the textbook, includes focused exercises that allow students to concentrate on one particular structure, integrative exercises where structures from previous sections or chapters are spiraled in with new structures, practice with prepositions, and editing exercises.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, viraal reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
