

Foolish Delusions

Foolish Delusions by Anne Schuster In this uniquely structured novel, the interwoven stories of a woman and her great-grandmother living in Cape Town, are artfully combined with a built-in workbook meant to teach creative autobiographical writing. Though the narrative explores gender, sexuality, morality, and colonialism in historical Cape Town, it also offers gentle, smoothly crafted, and insightful reflections meant to transform the life of the reader as a parallel to the protagonists own growing confidence, skill, and courage as she connects with her past. Foolish Delusions is one of the most inventive and unusual books Ive read in ages. Professor Shirley Kossick, Mail & Guardian A jewel box of treasure to be opened chapter by chapter, revealing a luminescent narrative. Margie Orford, Oprah Magazine An inspiration for all who wish to write. Jeanne Viall, Cape Argus

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
