

Frankenstein

Frankenstein was published in 1818 when Mary Shelley was only 21, and is thought to have been inspired by a dream she had as she was competing with Percy Shelley, Lord Byron and John Polidori to write the best horror story. It achieved immediate success with the public, while stirring debate with the critics. This story of an experiment where life is given to an inanimated body through electricity is one of the first examples of science fiction, where Gothic and Romantic elements blend into one of literatures greatest masterpieces of all times that inspired countless adaptations and transpositions. Together with Dracula, Dr Jekyll and Mr Hyde and the works of Edgar Allan Poe, it is one of the all-time classics of young adult thriller and mystery stories.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
