

## New Europe

No. 1 bestseller and superstar doing what he does best, introducing millions of avid readers to little-known peoples and places. Until the early 1990s, when the Berlin Wall came tumbling down, travelling behind the iron curtain was never easy. In undertaking his new journey through Eastern Europe, breathing in its rich history, and exquisite sights and talking to its diverse peoples, Michael fills what has been a void in his own experience and that of very many others. NEW EUROPE is very much a voyage of discovery, from the snows of the Julian Alps to the beauty of the Baltic sea, he finds himself in countries he'd barely heard of, many unfamiliar and mysterious, all with tragic histories and much brighter futures. During his 20-country adventure Palin meets Romanian lumberjacks, drives the 8.58 stopping train from Poznan to Wolsztyn, treads the catwalk at a Budapest fashion show, learns about mine-clearing in Bosnia and watches Turkish gents wrestling in olive oil. As with all his bestselling books, in his uniquely entertaining style, Palin opens up a new and undiscovered world to millions of readers.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
