

Gandhi, CEO: 14 Principles to Guide & Inspire Modern Leaders

Fourteen lessons to instruct, inspire, and encourage. History's great leaders have much to teach us, and no one outshines Alan Axelrod in extracting those lessons and applying them to today's business world. His *Elizabeth I, CEO* and *Patton on Leadership* both became *BusinessWeek* bestsellers and now, to follow his recent *Winston Churchill, CEO*, Axelrod has found a new and perhaps surprising subject for his popular format: Gandhi. Gandhi, a CEO? Absolutely and an incomparable example for our uncertain times, when we need leaders we can trust and admire. Not only was he a moral and intensely spiritual man, but also a supremely practical manager and a powerful agent for change, able to nurture the rebirth of an entire nation. To achieve this goal, he mastered the elements of personal leadership and institutional management. Axelrod looks at this much-studied figure in a way nobody has before, employing his fluid, engaging, and conversational style to bring each lesson to life through quotes and vivid examples from Gandhi's life.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
