

Woman: A Suitable Helper (Garden of Choices) (Volume 4)

This book is an interpretation of the intended purpose and role of the Woman and how women were created to function. Due to thousands of years of neglect, abuse, and abandonment the foundational truth has/is being destroyed. The original intent for woman was to help to replenish the earth from the seed of the male man by bringing forth children. The role that the woman was to play was to be a helper for the male man. The biblical stories within this book are stories of Gods protection and sovereign intervention upon the earth and in the lives of His created beings - WOMAN. These stories were preserved so that they would be told from generation to generation. So that women and men would learn and never turn from the good and acceptable ways of our God and Creator that will cause us ALL to prosper in the Kingdom of God upon this earth.

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
