

German Life in Town and Country (Classic Reprint)

Excerpt from German Life in Town and Country. Unity, Germany was little more than a geographical expression, and more than half a century had yet to pass before the movement which he and countless other patriots, both of the pen and the sword, laboured and lived to advance, took practical form. Only in 1871 did Germany as we now know it become united, but the unity then cemented proved very different from that which most of the national leaders of Arndts day anticipated, since the largest of the German States was excluded from the ring-fence which Prince Bismarck drew around the twenty-five sovereignties which still retained their independence, and to which, with due regard to the tradition of the Holy Roman Empire of the German Nation, which came to an end in 1800, he gave the name of German Empire. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
