

New Language Lessons: An Elementary Grammar and Composition (Classic Reprint)

Excerpt from New Language Lessons: An Elementary Grammar and Composition
The present text-book is a new-modelling and rewriting of Swintons Language Lessons. It has grown out of a double motive - first, the desire of better fitting it to fill its place as the intermediate book of the New Language Series; and, next, the conviction that an elementary manual might be made, which, combining the essentials of English Grammar and Composition, should find especial welcome in schools that cannot be exactly graded. The remarkable favour with which the Language Lessons was received has suggested the propriety of retaining, in the new book, at least the spirit of the old. In that work the authors theory was set forth in the following words: -This book is an attempt to bring the subject of language home to children at the age when knowledge is acquired in an objective way, by practice and habit, rather than by the study of rules and definitions, in pursuance of this plan, the traditional presentation of grammar in a bristling array of classifications, nomenclatures, and paradigms has been wholly discarded. The pupil is brought in contact with the living language itself: he is made to deal with speech, to turn it over in a variety of ways, to handle sentences; so that he is not kept back from the exercise - so profitable and interesting - of using language till he has mastered the anatomy of the grammarian. Whatever of technical grammar is here given is evolved from work previously done by the scholar. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
