

The Collaborator: Discover Soccer as a Metaphor for Global Business Leadership

THE GREAT WRITER, VICTOR HUGO, once said, there is one thing stronger than all the armies in the world, and that is an idea whose time has come. The Collaborator introduces soccer as a metaphor for global business leadership -- an idea whose time has come! Leveraging soccer's worldwide recognition as a game and language, its metaphor offers people, teams, and organizations an innovative and practical model for managing in today's global business world. The Collaborator is a quick read, taking us on the journey of Toni Burns, a newly promoted global manager. As the story unfolds, Toni is faced with the challenge of moving from an individual contributor role to a manager role. Under the strong leadership of her new supervisor, Ron Posada, she is introduced to a series of operating principles that mirror what happens on the soccer field. When applied, they unlock the collaboration code for managing globally. In *The Collaborator*, Winsor Jenkins shows how soccer's eleven operating principles match up with the global business model. Combined with complimentary business competencies, they provide the organizational framework for helping overcome the challenges associated with working globally.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
